Bespoke Team Building Programme

Purpose

To identify specific team building needs and discuss a variety of options to meet those needs. All team building events will increase levels of trust, understanding and the sense of 'team spirit' between team members.

Team Building Objectives

- Learn to work as a team
- Reassess your team's goals and direction
- Communicate better as a team
- Give your team a boost of energy
- Agree a clear vision for the future

Bespoke Team Building Programme

Teams and the way in which they function can vary enormously, depending on the task in hand, skills of the members and the organisational vision. Teams are complex and therefore on occasion need re-alignment or teambuilding.

To work effectively you need agreement on exactly what sort of team you are: what are the goals, what is each member's role, who needs to work closely with whom, what should the game plan be? Sometimes its as simple as learning more about the people you work with, and sometimes its complicated, such as working through entrenched difficulties or defining how a long-distance team communicates.

A Team Building Event has a positive effect on the morale, motivation, confidence and effectiveness of the team and its individual members that immediately transfers to the workplace.

Each Team Building Event is created from a specific brief and is tailor made by working closely with your organisation to ensure the most appropriate programme.

Tailored specifically to each group our Bespoke Team Building Programmes are designed to help create and nurture successful, professional, productive and happy teams.

Bespoke Team Building Programme

Areas Covered

A tailor-made Team Building Event helps you to agree on the type of team you are, using:

- discussion
- brain storming
- game play
- role play
- goalsetting

This enables a team to:

- identify issues
- put forward new ideas
- look at the team's 'purpose', 'vision' and 'mission'
- learn more about each other as people.

Team members will

- enjoy a fresh perspective
- achieve a sense of focus
- build confidence
- prepare for the real 'game' ahead

If the Bespoke Team Building Programme is of interest to you we would be happy to discuss your particular requirements.
